MANOHARA M C

PROFESSIONAL EXPERIENCE

Results-driven Frontend Developer with 3+ years of experience in React.js and Next.js development. Expertise in building responsive web applications, e-commerce platforms, and user interface optimization. Proven track record of improving application performance by 30% and maintaining 99.9% uptime for high-traffic systems. Strong experience in JavaScript, TypeScript, HTML5, CSS3, and modern frontend frameworks.

SKILLS

Frontend Development: React.js, Next.js, JavaScript, TypeScript, HTML5, CSS3

State Management: Redux, Context API, React Hooks, Zustand

Build Tools: Webpack, Vite, Babel, ESLint, Prettier

Deployment: Vercel, CI/CD Pipelines

Styling: Tailwind CSS, Material-UI, Styled Components,

API Integration: RESTful APIs, GraphQL, Axios, React Query

Version Control: Git, GitLab

WORK HISTORY

SOFTWARE ENGINEER 12/2021 to Current
Sharaan InfoSystems, Bengaluru, India

- Developed and maintained responsive web applications using React.js and Next.js for retail and e-commerce platforms
- Built reusable component libraries and implemented modern frontend architectures following React best practices
- Led frontend development of internal Ticket Management System, improving workflow efficiency by 40%
- Engineered scalable e-commerce solutions including product catalogs, shopping carts, and checkout processes
- Optimized application performance through code splitting and lazy loading, reducing load times by 30%
- Collaborated with UX/UI designers to translate mockups into pixel-perfect, responsive interfaces with cross-browser compatibility
- Established comprehensive testing strategies using Jest and React Testing Library, reducing bugs by 25%
- Maintained 99.9% uptime for high-traffic e-commerce applications while streamlining CI/CD workflows
- Mentored junior developers on React.js best practices and created technical documentation for development processes
- Implemented agile development practices across multiple projects, ensuring timely delivery within budget constraints
- Analyzed user requirements and technical feasibility to determine optimal design solutions within time and cost parameters

Key Projects

Internal Ticket Management System React.js, Redux Toolkit, Material-UI, React Router, Jest
Prodigy Retail Jewellery E-commerce Platform React.js, Next.js, TypeScript, Styled Components, React Query
Savings Scheme Web Application Next.js, TypeScript, Tailwind CSS, React Hook Form

---

EDUCATION

Kuvempu University, Shankaraghatta
Master's Degree, Computer Science, 12/2020

Veerashaiva College, Bellary
Bachelor of Science, Computer Science, 12/2018
